

NIRMAN 10 Batch

Dear Participants,

Please read the WHOLE document carefully!

To all those who sent us the application forms, to all those with whom we interacted, thank you! It's been a great learning experience for us. **Congratulations to all of you and a very warm welcome to the NIRMAN Samudaay!** Your NIRMAN educational journey has already started with the application form and the interaction we had (and with the assignments you did!). To continue this journey ahead, we are inviting following people (the list starts from the fourth page) for the NIRMAN 10th batch series of workshops at SEARCH, Gadchiroli. The people in this group are invited by taking into consideration their background, interests, aptitude, activities done so far, their future plans and corresponding learning needs.

NIRMAN 10 batch is special in many ways. The selection process has been an arduous but enjoyable endeavor! With your batch, the NIRMAN community has now grown beyond 1500 individuals! Congratulations to all of us for achieving this milestone!

The entire NIRMAN 10 batch is divided into 3 sections namely A, B and C. The first workshops of the NIRMAN 10 batch i.e. NIRMAN 10.1 are scheduled as:

NIRMAN 10.1 A - 27th December 2019 to 4th January 2020

NIRMAN 10.1 B - 8th February 2020 to 16th February 2020

NIRMAN 10.1 C - 29th February 2020 to 7th March 2020

The residential workshops will be held on our campus "[Shodhgram](#)" at [SEARCH](#), Gadchiroli.

The allotment of candidates in these three sections is based on our assessment of the inclinations, priorities and corresponding learning needs of the individuals, and thus will consist of specific inputs to orient them to the ocean of possibilities and opportunities of social contribution and of becoming a social change agent. Thus, plan your schedule well in advance such that you can attend the workshop as part of your designated section. Kindly refrain from contacting us with any requests regarding change in the sections, unless it's for something out of your control, for e.g. a clash with academic exams / professional commitments during exactly the same period.

IMPORTANT: The current selection is only for these first training workshops in the NIRMAN Educational Process. Depending on your presence, the nature and quality of your participation and your further learning needs, the decision about inviting you to the next training workshops in the series will be taken, and that will be solely at the discretion of the NIRMAN Team.

Kindly see the list below followed by the details of the procedure and instructions for confirming your position in NIRMAN 10.1 workshops.

We do expect that now onwards you stay in touch with us pro-actively, visit us in Shodhgram, SEARCH, Gadchiroli for NIRMAN 10.1 training workshops as well as take part in the various service/research efforts, keep reading relevant material and be socially active in your local situations. Please ask us for advice if necessary, but understand that your NIRMAN journey has already begun now and the onus lies on you to participate to the fullest extent.

We wish to inform everyone that some part of the conversation in NIRMAN training workshops does happen in Marathi, however, Hindi & English are also used frequently. Our prior experience is that people outside of Maharashtra who are not completely well versed with Marathi can still understand the crux of it and are able to extract relevant learning. Their other NIRMAN batch mates also help them in this process. We just want you to know about this and if possible, take some brief lessons about Marathi before reaching here. That would only increase the beauty and fun in the process not to mention that you will still learn a lot anyway.

We are planning a new experiment this year. During the selection process, we came across certain individuals who are interested in the NIRMAN process, but based on their interests, priorities and inclinations, we felt that the usual NIRMAN process may not be the most appropriate intervention for them. Since NIRMAN treats every individual uniquely and believes in personalization, based on our assessment of the learning needs of this particular group, we are planning to conduct a separate workshop/activity for them. As of now we are naming this group "**NIRMAN 10X**" and we will soon communicate further details about it to these participants (listed at the end of this document).

We also wish to take this opportunity to thank our NIRMAN alumni and the team of interviewers who took an active part in this entire selection process, right from the information spread to the logistics of arranging the interviews, to providing useful feedback as and when needed. Thank you! We couldn't have completed this mammoth operation without your help.

Everybody who has taken part in the NIRMAN selection process, please continue to contribute to your local community and strengthen your association with NIRMAN. The applicants, whose names are not here in this particular list, can get back to us when the next batch is due to start. All of you can certainly take part in allied initiatives of SEARCH, NIRMAN and NIRMAN alumni which offer rich action-based learning opportunities. And irrespective, continue to nurture sensitivity towards social issues and contribute as best as you can.

It's a great pleasure to have you join us in this social crusade. We hope to have an exciting journey together. Kindly keep on visiting our [website](#) and stay in touch. See you!

'Shodhgram' is situated at 17 km from Gadchiroli on Dhanora road. There are buses/ private vehicles from Gadchiroli to reach 'Shodhgram'. Gadchiroli city has no issues with mobile networks. However, in Shodhgram, only BSNL network has coverage.
